

Foundations, Agents for Social Change

In his recently published book, The Foundation, A Great American Secret, Joel Fleishman states that while foundations have been a dynamo of social change, they are cloaked in secrecy. Canadian private and public foundations have, for the most part, maintained the same quiet profile as their American colleagues.

Yet as fundraisers, foundations are part of our professional lives. We all apply to these same foundations for grants, some of considerable size. We then wait with great anticipation for the arrival of the return letter announcing the Foundation's decision.

Glenn will draw on his 17 years of experience with four public foundations to provide some insight into the inner workings of charitable foundations in Canada.

Thursday February 18, 2010

8:30 am Continental Breakfast and Registration

9:00 am to 10:30 am – Presentation

Vollmer Recreation Centre

Caesars-LaSalle Friendship Club Room, 2nd Floor
